In 2017 Rally di Ypres celebrates its 53° edition, it's a classic event in the European rallies and it offers a very unique atmosphere. Located in the west of Belgium, in the hearth of Europe, it's easly accessible for fans and teams.

The headquarter is the city of Ypres, famous for its typical architecture and for the impressive Service Park in the city center.
Special Stages on asphalt are narrow and runs between farms, with many curves for the most daring. In the many fastest sections, there are many cuts that can get dirty during the race so drivers will have to well handle the trajectories.
